

Now, you can begin recycling plastics that were once considered nearly impossible to recycle. Rumpke is introducing ReNew for plastic bags, foam containers, plastic wrappers, and more!

Here's how it works:

- Continue placing your regular recyclables in your recycling cart, as you have been.
- Purchase orange Hefty Renew Bags (available at major stores such as Kroger and Target).
- Place plastic bags, foam containers, and plastic wrap in your orange ReNew bag. Once the bag is full, simply place it in your recycling cart.

Scroll down for a complete list of what can go in your regular recycling cart and what can now go in the orange ReNew bags.

Thanks for being a Recycling Champion!

Continue placing these items in your regular recycling cart:
